

## Edward Unshaken In Vow To Wed Wallis; Public Favors King

By The Associated Press.  
London, Dec. 8.—(Tuesday)—King Edward's determination to wed Wallis Warfield Simpson remained unshaken today, intimates said, despite the American born divorcee's public offer to give up the monarchy to save his throne. Although the public renunciation of his claim to Edward's love roused a wave of popular sympathy, friends of both said the crisis of Britain's far-flung empire was no nearer than ever to solution.

## MADRID ARMIES MAKE READY FOR FASCIST ATTACK

### Fascist Onslaught Expected After Bombardment

#### Barcelona Trucks Solve Food Problem in City

Madrid, Dec. 7.—(P)—Madrid's defense officials prepared tonight for a Fascist onslaught expected to follow an artillery bombardment which razed huge blocks of apartment buildings.

As refugees streamed out of the western outskirts of the city, the zone of the most serious shelling, government officials predicted an insurgent attack would come in that sector.

Fighting around Guadalajara, northeast of Madrid, indicated the insurgents were seeking to smash their way into the city from that region also. Twenty-three Fascist planes bombed the area around Guadalajara.

The ministry of state disclosed, meanwhile, that the government had asked immediate withdrawal of the Finnish charge d'affaires in Madrid because of "scandalous abuse of diplomatic privilege."

The government, in a message to the Helsinki administration, asserted the Finnish official threw grenades from the windows of his legation at government troops between Dec. 1 and Dec. 3, stored arms and ammunition in the building, and harbored Fascists who were not "entitled to diplomatic refuge."

Informed persons disclosed foreign minister Julio Alvarez Del Vayo will present new charges against Germany and Italy before the League of Nations.

They said he will submit what he asserts are photographs of pieces of torpedoes used in an alleged submarine attack on the government cruiser Miguel de Cervantes off Cartagena in November, as well as fragments of bombs which landed in Cartagena during an aerial attack, to sustain his contention that Germany and Italy are aiding the Fascist insurgents.

An air ministry announcement said three insurgent planes which were brought down yesterday were all Heinkel (German) pursuit ships.

The defense administration's provision committee reported the problem of feeding the more than 1,000,000 persons still in the capital was nearing solution.

It said that 200 truckloads of food arrived from Barcelona and that hoarding of food by individuals had been ended.

**CANTOR'S GAG-MAN**  
New York, Dec. 7.—(P)—Comedian Eddie Cantor, defending a \$250,000 suit brought by his erstwhile "gag man" David Freedman, was all seriousness today as he heard Freedman's counsel tell the court the Cantor radio income, on Freedman's script, had risen from \$2,000 to \$14,000 weekly.

Freedman claims Cantor breached an agreement to pay him 10 per cent of his radio income. The big-eyed comedian's attorney answered that Cantor was a famous stage personality before he ever met the writer and furthermore that Freedman voluntarily quit Cantor's employ.

**FOOD IN HAWAII**  
Salt Lake City, Dec. 7.—(P)—Strike-isolated Hawaii will be without staple foods by Thursday, Samuel W. King, the islands' congressional delegate, said today.

"The islands have not received supplies from the mainland since the Pacific coast maritime strike began," he said as he arrived here for a speaking engagement.

**FLOOD IN TURKEY**  
Ankara, Turkey, Dec. 7.—(P)—More than 100 persons drowned today as the waters of the Seyhan river overflowed its banks and submerged a district populated by 40,000 in Southern Anatolia.

Three hundred were injured and thousands were made homeless.

Some took refuge in trees and on roofs, from which many were rescued by troops in boats.

**THE PREACHING MISSION**  
New York, Dec. 7.—(P)—In vast Madison Square Garden, whose walls have sounded so often with the howls of fight-mad thousands, the National Preaching Mission brought its message of religion and peace to New York tonight.

The mission, a Protestant undertaking which since Sept. 13, has toured the country in behalf of spiritual revival, conducting meetings in 25 major centers before congregations estimated collectively to have totaled more than 1,000,000 concludes in the metropolis its evangelistic movement.

**ROOSEVELT WORKS ON MESSAGE TO CONGRESS**  
With President Roosevelt at Sea, Dec. 7.—(P)—President Roosevelt worked tonight on material for his message to Congress at its opening next month after the cruiser Indianapolis bore him around Brazil's eastern-most tip on his way home from a Latin-American peace mission.

The Indianapolis and its companion cruiser, the Chester, performed daylight maneuvers under the president's watch, and tonight searchlight movements were arranged.

The weather was perfect as the vessel passed the half-way point between Montevideo, Uruguay, and Port-of-Spain, Trinidad, where they are due Friday to refuel.

**WRONG ANSWER**  
Indianapolis, Dec. 7.—(P)—Al Burns, Negro, operator of a "political club," was in criminal court today on an appeal from a 30-day jail sentence for violation of the state liquor law.

"I've got pictures, calendars and things like that in the club," he pleaded. "I've even got a picture of you, judge."

"My picture?" replied Judge Frank P. Baker. "Well, that'll cost you just 30 days more than you received in municipal court."

**15 Year Old Opera Star Says Careers, Romance Don't Mix**  
Chicago, Dec. 7.—(P)—With the poise of an experienced prima donna and an orchid on her shoulder, Betty Jaynes, 15-year-old operatic find, said today life was "grand and glorious" but ruled romance out.

"Boys and careers don't mix," she firmly pronounced this curly blonde sophomore and today an opera star with movie contracts and concert tours at her feet—and at home "a bathtub of flowers because there wasn't an empty vase left."

And careers come first, she intimated, now that she scored an admitted success as Mimi in "La Boheme" at the Chicago City Opera with Giovanni Martinelli as Rodolfo last night.

"Yes, I'm going to Hollywood in the spring," she said. "I've had offers from three movie companies. But my manager, Mr. Longene (Paul Longene, manager of the opera company) will have to give you the details."

Longene said she would be signed with Metro-Goldwyn-Mayer and he showed a telegram of congratulations and an offer from I. I. Altman of New York, talent director.

**CHANDLER MEDAL**  
New York, Dec. 7.—(P)—For his studies of the chemistry of digestion, Dr. John Howard Northrop of the Rockefeller Institute for medical research was awarded the Chandler medal of Columbia University today.

**TOO OLD TO FISH**  
Ormond Beach, Fla., Dec. 7.—(P)—John D. Rockefeller, Sr., at 87 years, too old to fish himself, has shown considerable interest in angling this winter.

Whenever the afternoon tides are low the millionaire directs his chauffeur to drive to Ponce De Leon Inlet. The automobile is parked here while Mr. Rockefeller watches private and commercial fishermen.

When the tide is too high to permit driving on the beach, the Rockefeller car tours various highways of the section.

**SIX OHIO CONVICTS TAKEN ALIVE AFTER ATTEMPTED ESCAPE**  
Columbus, O., Dec. 7.—(P)—Six of the most unruly prisoners in Ohio penitentiary, armed with crudely improvised dummy pistols, dared death today in an escape attempt, only to be foiled when a loyal prisoner summoned guards by setting fire to his pillow.

They overpowered and bound two guards as they entered their cell block, "Idle L block" for incorrigibles. Brandishing their "guns" made from steel bars with strap iron handles, they set out with a pair of stolen wire clippers for a window screen high up in the dormitory wall. The guards locked helplessly in a cell.

Once through the window, they planned to slide down a rope into the west entrance stockade, overpower the gate guard, and break for freedom.

But a prisoner whose name was not disclosed saw them. He touched a match to his pillow, and the smoke rolling out his window attracted the attention of Henry Barnes, a wall guard, who fired his gun, bringing Warden James C. Woodard and other guards with drawn guns.

Looking into the muzzles of a ring of cocked guns, the prisoners surrendered quietly, and were put in solitary confinement.

The prisoners were Joseph Piskowski, Cleveland, sentenced to life for first degree murder; Charles Menges, Cincinnati, life for first degree murder; LeRoy Keith, Trumbull county negro, twice sentenced to the electric chair for first degree murder, then given life on a second degree murder charge after a new trial; Clyde Staup, Lima, 10 to 25 years for robbery; Frank Benzowski, Cleveland, similar sentence; and Morris O'Flaherty, Cincinnati, similar sentence.

**Leon Trotzky Must Get Out of Norway**  
Oslo, Norway, Dec. 7.—(P)—Premier Johan Nygaardsvold indicated tonight Leon Trotzky, offered a haven in Mexico, would be ousted from Norway if he does not leave of his own will when his permit to stay expires Dec. 18.

Trotzky's lawyer said he believed the former co-leader of Soviet Russia—who split with Nikolai Lenin and was banished from the U. S. S. R.—would send a formal request for permission to live in Mexico when he was sure there would be "no foul play."

"He must have guarantees that his enemies are not secretly behind the arrangement," the attorney said.

Trotzky's lawyer asserted the Norwegian government warned his client last week he should try to gain admission to some other country.

The exiled Bolshevik was closely guarded in his villa at Storsand and even close friends were not permitted to see him.

**Peace Conference Balks Arms Limit**  
Buenos Aires, Dec. 7.—(P)—The European armament race weighed down hope tonight of approval of an American arms limitation agreement at the Inter-American Peace conference.

A Chilean proposal to confine armaments of the 21 American Republics to bare necessities of defense encountered a fiery attack from Gen. Jose Maria Moncada of Nicaragua, who declared it was dangerous—"with Europe armed to the teeth—indeed, armed to the very eyes."

The United States and Argentina were understood also to oppose the plan on the ground that arms limitation could be effective only on a world-wide scale.

Some observers saw the Chilean arms limitation plan as aimed indirectly at Chile's neighbor, Argentina, which has been improving its army, navy and air force.

Among delegates who favored the Chilean plan were Eugenio Martinez Thedy of Uruguay and Jose de Paulo Rodriguez Alves of Brazil.

**Promise of Rise In Temperature Cheers Midwest**  
By The Associated Press.  
A forecast of rising temperatures yesterday (Monday) cheered midwesterners chilled by the season's coldest wave.

Three deaths were attributed to the cold in Chicago while casuals crowded police stations for shelter.

These temperatures were recorded: Warroad, Minn., -33; Duluth, Minn., -24; Preport, Ill., -13; Green Bay, Wis., -12; Escanaba, Mich., -10; Jamestown, N. D., -9; La Crosse, Wis., -8; Milwaukee, -6; Dubuque, Ia., -8; Ottumwa, Ill., -2.

A temperature of -5 in suburban Morton Grove was the minimum in the Chicago area.

Forecasters expected more snow in the wake of a fall that reached a depth of 16 inches in Havre, Mont., and blocked side roads in Iowa and Minnesota. Snow also fell in Missouri, western Michigan and northern Illinois.

Colder weather penetrated to the Gulf coast. Temperatures were above normal on the Atlantic slope.

**THOUSANDS ARE SWEEPED BY FLOOD IN PHILIPPINES**  
Manila, Dec. 8.—(Tuesday)—(P)—The Philippine army reported today that "thousands of persons were carried away" in a flood which swept the rich Cagayan river valley in Northern Luzon Island.

Manilians said the official army report, which stated that "thousands of persons were missing" indicated a catastrophe overshadowing any in the history of the islands.

Reports from the military commander of Isabela province, in north-west Luzon, said "the greatest flood in the history" of the islands, hit the valley December 4 at 4 o'clock in the morning.

He said at least 54 towns were inundated and expressed fear scores of others were deluged.

"Thousands of persons," the commander reported, "were carried away as the flood waters swept toward Aparri and the sea."

All lines of communication were disrupted in the region; highways were washed out of use.

The commander said no word had been received from the region of Ilocos, and it was feared many were lost in that district.

"The toll of life is believed enormous," the commander said.

**Deadly U. S. Army Goliath Tries Its Wings**  
Seattle, Dec. 7.—(P)—The huge YB-17, 16-ton bombing plane built for the United States army, nosed over while landing after a test flight today, slightly injuring two fliers and crumpling the front of the ship.

The nose of the four-motored Boeing plane was smashed and her four propellers, the forward machine gun turret and some of the motors cowering were crumpled.

Capt. E. R. McReynolds, Langley Field, W. Va., who suffered a skinned knee, said apparently the air brakes locked and prevented the landing wheels from rolling.

**LEWIS, ALLIES SEE VICTORY IN STEEL CONFLICT**  
Labor Relations Board Accuses U. S. Steel Company  
Washington, Dec. 7.—(P)—John L. Lewis and his industrial union allies couched today as the labor relations board accused the United States Steel corporation of interfering with its employees' right to organize as they please.

Lewis, president of the United Mine Workers, is leading a drive to bring all the workers in each mass production industry—including steel—into giant industrial unions.

The labor board assailed United Steel's present plan of employee representation.

It also severely criticized the method used in reaching a wage agreement recently put into effect by the Carnegie-Illinois Steel corporation, United States Steel's largest subsidiary.

That agreement provided a 10 per cent increase in wages, with a provision that wages during the next year should fluctuate up or down, not to exceed 5 per cent, as the cost of living varied.

The board said the Carnegie-Illinois corporation insisted that employee representatives approve the wage agreement "without submission of its terms to the employers' affected."

After asserting the company's employee representative plan had "many defects," the board said:

"No provision appears in it for collective meetings, and no opportunity for employees to cast votes on important problems such as wage agreements, or the submission of disputes to arbitration."

Both United States Steel and Carnegie-Illinois were notified the board would conduct a hearing on the charges December 17.

**SALE OF HUGE RAIL HOLDINGS FOR SMALL SUM TOLD TO GROUP**  
Ball Tells How He Acquired Control of Van Sweringen Estate  
Washington, Dec. 7.—(P)—A senate investigating committee heard how a fruit jar manufacturer from Muncie, Ind., bought control of the \$3,000,000 Van Sweringen railroad and industrial enterprises for \$274,682.

George A. Ball, a slight, bald man with a fringe of white hair, testified that when he purchased securities of the Allegheny Corporation, holding company for the vast Van Sweringen empire, he acquired a controlling interest in 23,000 miles of railroad lines, and a variety of other businesses ranging from coal mines to a peach orchard.

Besides the Allegheny shares, Ball also bought other Van Sweringen holdings, with the result that he acquired, in all, a 67 per cent interest in the Van Sweringen enterprises for the sum of \$3,121,000. The purchases were made at public auction in September, 1935.

Ball testified that he used securities purchased for \$3,121,000 to form mid-America Corporation, now the top holding company for all Van Sweringen enterprises. A chart exhibited by the committee showed 249 companies under mid-America control.

Ball was the first witness in an investigation of railroad financing, Senator Wheeler (D-Mont.), chairman of the committee, said at the outset the hearings would be conducted "objectively" for "the welfare of the American transportation system."

## The Play Season

The play season has arrived for schools, clubs and lodges of Jacksonville and surrounding territory. Some of these entertainments are now advertised to be presented within a short time. Others are in the process of formation, with committees appointed to select a play, choose the cast and attend to other details. The season of amateur plays is an interesting time—it furnishes much pleasure for those who participate, and for the public which witnesses the finished product.

Almost everyone has a secret ambition to act, to exhibit his talent in the presence of his friends. Many persons are backward about expressing these desires. The amateur play affords a valid excuse, or opportunity, for many timid souls to step into a make-believe role, and act to their heart's content.

The school boy or girl can hardly be classed in the backward group. When a class makes ready to stage a play, there is usually ample material available. Few students have to be coaxed to join the cast of a school play.

But in lodges and groups where older persons are involved, its different. Ask a business man to take a character in a church or fraternal society entertainment, and he will tell you that he hasn't time. But keep after him, and before long the busy business man will be learning his lines, brushing up on stage technique, and looking forward eagerly to the evening when he makes his bow behind the footlights.

The women, too, are rather hesitant about joining the cast of a home talent play. Their objections, however, usually are not as difficult to overcome as the men's. If the prospective actress is approached from the proper angle, she most always becomes a member of the cast.

For instance: "Mrs. Smith, we need your help badly in putting on our entertainment. Our society is in need of funds, and we hope that through the proceeds of the play we can raise the necessary amount to carpet our hall, buy a piano, send our president to the state convention, etc."

Nine times out of ten, the member, if she is loyal and interested in the welfare of the organization, will heed the appeal and become a member of the cast.

Getting up an amateur play is a sizeable job, as many Jacksonville men and women know. But the results are well worth the efforts. Everyone derives pleasure from a successful play.

This is the season of the year when we see fellow-townsmen in the roles of romantic lovers; our next door neighbors wearing wigs and make-up, living for a night or two in a make-believe world. Before the season is over, we probably will see a dozen or more well known citizens cavorting behind generous coatings of burnt cork. It is all very interesting and amusing.

Here's hoping that in the amateur productions in Jacksonville this winter everyone remembers his lines; that the curtain doesn't come down, or go up, at the wrong moment; that the cash customers fill every seat, and that the proceeds fill the treasury.

## A Gigantic Job

It is just now being realized perhaps that social security involves the biggest single administrative task ever undertaken in America. Comprehensive, complicated and far-reaching as it was, the NRA was small in comparison, while relatively the recruiting and drafting of millions of men for the World War and enforcement of national prohibition were fairly insignificant.

Announcement that the deadline for employees to apply for social security numbers has been extended from Dec. 5 to Dec. 15, was an indication that there has been too much haste in the entire enterprise, and that moderated action is imperative both with respect to states and the government.

The fact that less than one-half the estimated 31 million employees affected so far have applied for registration under the act—despite the Nov. 21 deadline that was established—is but a single illustration of the general condition. It is that a check-up of delinquents is to be made. Yet that alone may necessitate approximately 2 million individual inquiries throughout the country. In addition, the security act applies to 26 million workers of America. But this is little more than half the total, and already there is agitation designed to bring within the scope of the legislation some of the large groups now excluded, especially farm and domestic

labor.

As the tremendous scope of this project is more fully understood, and as the difficulties of administration accumulate, it can be seen what modifications are demanded for successful operation. When it meets next month, Congress will have the entire problem dumped in its lap. But it can be guided by the limited experience so far gained, and by the criticisms made during the campaign, some of which at least were valid.

## Real Industrial Progress

The Union Pacific railroad has announced that it will spend \$8,000,000 for new engines, new passenger cars, an additional fleet of automobile freight cars, and the air-conditioning, reequipping and modernization of other passenger cars. The supplemental extensive improvement program which has been carried on during 1936.

Contracts have already been awarded for 20 high speed freight and passenger engines to cost \$3,000,000. Bids are now being taken for 40 new passenger coaches and five new "coffee shop" type dining cars. Three hundred automobile cars of record capacity will be built at the system's shops at Omaha. The air-conditioning and modernization phase of the project has started, and several hundred additional workers will be employed.

Here is a real industrial progress—the kind of progress that provides employment, stimulates a multitude of other industries through purchases, creates a real productive wealth and taxable income and, finally, improves the standards of a vital public service. It is emblematic of the kind of progress being made by other railroads as well.

## 12 Suggestions for Safety

Writing in the Portland Oregonian, Ray Conway, manager of the Oregon State Motor association, gives twelve specific suggestions for reducing accidents that can be easily followed by any state, with the aid of cities and towns.

1. Illuminate main traveled highways contiguous to cities.
2. Distinctly mark sections of highways where vision is impaired and passing is dangerous.
3. Erect markers to show maximum speeds allowed in congested districts.
4. Erect "Keep to Right" signs on all highways in the state.
5. Make warning signs standard in size, color and position.
6. Teach highway safety in the schools.
7. Enforce laws from a viewpoint of safety—not revenue.
8. Make statewide inspection of cars compulsory.
9. Subject pedestrians to a uniform, enforced traffic code.
10. Adopt a safety glass law covering all new cars sold.
11. Establish a drivers' school for those who wish to improve their driving.
12. Do not permit left-hand turns in congested areas.

If every state will bring its laws and highway regulations up to date, a long step toward curbing the reckless and incompetent motorist will be taken.

## Story of Three Brothers

Three brothers left the farm to work in the city. All got jobs in the same company, starting out at the same pay. Six years later one was receiving \$100 per month, the second \$200, and the third \$500. Their father on hearing of their salaries, decided to visit his sons' employer and find out why they were paid on what seemed to be such an unfair basis.

"I will let them explain for themselves," said the boss, as he pressed the button on his desk. Jim, the lowest paid man of the three, answered.

"I understand the Oceanic has just docked," said the employer. Please go down there and get an inventory of her cargo.

Three minutes later, Jim was back in the office. "San carried a cargo of 2,000 seal skins," reported Jim. "I got the information from the first mate over the telephone."

"Thank you, Jim," said the boss, "that will be all."

He pressed the button again and Frank, the \$200 man, reported.

"Frank," the boss said, "I wish you would go to the dock and get an inventory on the Oceanic's cargo."

An hour later Frank was back with a list showing that the Oceanic not only carried 2,000 seal skins, but that she also had 500 beaver and 1,100 mink pelts.

The employer pressed the button a third time, and George, the \$500 man, walked into the office. He was given the same instructions his brothers had received. George did not return for nearly three hours, and the office had closed for the day, but his father and the boss were waiting for him.

"The Oceanic carries 2,000 seal skins," began the third brother. "They are offered for \$5 each, so I took a two day option on them, and have wired a prospect, offering them to him at \$7 each. I expect to have his order tomorrow. I also found 500 beaver pelts, which I sold over the telephone at a profit of \$700. The mink pelts are of poor quality, so I

## Seventh-Floor Fire In Ayers Building Does Heavy Damage

Destroys Contents of Supply Closet Sunday Morning; Firemen Battle Smoke

Fire of unknown origin early Sunday morning destroyed the contents of a supply closet on the seventh floor of the Ayers bank building and caused damage to the property estimated at \$2,500 to \$3,000. A large amount of the damage was due to water which broke from two faucets in the supply room and had been running for sometime before the firemen arrived.

The blaze was discovered about 5:30 o'clock by Officers Stout and O'Connell of the night police force as they were coming up West State street toward the business district. They saw the flames through a west window of the bank building and turned in the alarm from the Cosgriff cafe.

To gain entrance to the building firemen broke a glass from the south door. They went at once to the seventh floor, where smoke and heat were intense. The supply room was a mass of flames. The water from the two broken faucets had run from the room and had gone down the stairwell as far as the second floor.

The blaze was extinguished with a hand pump. The fire destroyed mops, brooms, brushes, floor wax and other supplies stored in the closet. It is believed the heat destroyed the temper in the springs controlling the water faucets and cracked the basin of the lavatory, allowing the water to pour onto the floor.

**Much Smoke Damage**  
The fire wrecked the room and heat damaged the woodwork in the hallway and office rooms on the seventh floor. It was necessary to break out two panes of glass to allow the thick smoke to escape from the building. Water and smoke damage occurred in the stair well and elevator shaft.

Members of the fire department found the blaze difficult to battle. The climb to the seventh floor brought them to the highest point at which they had ever fought a fire in this city. The smoke and heat were hard to combat in reaching the trouble.

Fire chief Frank Sullivan said yesterday that the fire may have started from one of two sources, defective wiring or spontaneous combustion in the contents of the closet. However, the blaze had wrought such havoc that it was impossible to determine its origin.

Harrison W. King, manager of the building, put a crew of men to work Sunday cleaning up the debris of the fire. The loss is covered by insurance.

## The Family Doctor

Frequent Colds, Fever, Headache Symptoms of Sinus Infection

By DR. MORRIS FISHBEIN  
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

Around, above, and behind the nose are the sinuses. When sinuses become infected—and such infections are much more common than you might think—the victim has frequent colds, constant coughs, and a good many other general disturbances of the body.

Infectious germs get into the sinuses through openings in the nose, and infect membranes which line the wall of the sinuses. When the opening of the sinuses into the nose becomes blocked, pain and headache result, and the absorption of infectious material causes fever.

Whereas an ordinary cold will clear up in three to five days, infection within the sinuses will persist for weeks, sometimes for months.

The doctor diagnoses sinus infection by cleansing the nose of its secretions, then shrinking the membranes of the nose by applying adrenalin or ephedrine.

He may then look through the openings of the sinuses to see whether

infectious material is coming out. If he sees this material coming from the sinuses, or if he sees signs of inflammation, such as swelling and redness, and if there is pain and fever, he is likely to believe that the sinuses are infected.

He may, however, confirm his diagnosis by taking an X-ray picture of the sinuses, and also by transillumination. In the process of transillumination, the patient is taken into a dark room, and a light is placed inside his mouth or under his eyes. If the sinuses are clear, the light will be seen to pass into them and through them. If, however, there is inflammation or infection in the sinuses, they will appear dark and obstructed.

In exceedingly doubtful cases, when the physician believes there may be growths, such as polyps or tumors in the sinuses, it is also possible to inject an opaque substance into the sinuses and then to make an X-ray picture.

These advances in diagnosis have shown us how much more frequent inflammations and infections of the sinuses actually are than was formerly thought to be the case.

## Alexander Remains Arrive Last Night

Brief Rites to Be Held at Mausoleum Today For Chicago Man

The remains of James Greenleaf Alexander, who died in Chicago Saturday morning, arrived in this city last night, where today at 10 a. m. brief services will be held at the mausoleum in the Diamond Grove cemetery. Funeral services were held yesterday at Winwood, the Lake Forest home of the former local man who rose to a place of prominence in Chicago financial circles.

A party of approximately thirty relatives and friends accompanied the remains on a special car attached to the Abraham Lincoln, Chicago to Springfield. The remainder of the trip was made to Jacksonville in automobiles.

Dr. Glenn Schillerstrom will give the benediction over the remains at the mausoleum, where the body will be temporarily. The remains were taken to the Reynolds Mortuary on arrival here, and will remain there until time for the final rites.

## HOW LONG CAN A THREE-QUARTER WIFE HOLD HER HUSBAND?

YOU have to work at marriage to make a success of it. Men may be selfish, unsympathetic, but that's the way they're made and you might as well realize it. When your back aches and your nerves scream, don't take it out on your husband. He can't possibly know how you feel.

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "smiling through."

## Lee Bennett Will Provide Music at Local College Prom

Former Singer with Jan Garber Now on Road Tour for Seasoning

Lee Bennett, America's "Beau Brummel of Song," who for three years was the singing star of Jan Garber's orchestra, will bring his orchestra to Jacksonville the night of December 18 to play for the Illinois College Junior Prom at the I.S.D. gymnasium.

Bennett who severed connections with Garber some time ago to organize his own orchestra played for a while at a hotel in Chicago and then left the windy city for a road tour in order to season his band. With the band will also be Judy Randall, captivating songstress, formerly heard with Henry Busse, and Frankie Masters.

From Chairman Frank Malinasky was fortunate in scheduling his dance on a date that was open for the crooner and his band. Bennett has played for the homecoming dance at the University of Illinois and proved to be one of the most popular bands on that campus.

Final arrangements are being completed for the dance, the highlight of the Illinois College social season. Tickets are on sale at the Illinois College bookstore and by members of the prom committee.

**Chaperones Announced**

At the close of the dinner Supt. A. A. Hoffman with some very complimentary remarks presented Mr. Roberts with the company's gold locket given to all employees who have served the company twenty years.

At this time the little daughter of Mr. and Mrs. W. D. Goleighly marched in singing and carrying a large bouquet of chrysanthemums which was presented to Mr. Roberts.

To this Mr. Roberts gave response by a very interesting talk, relating his early experience in the insurance business.

Mr. Roberts has been a very successful agent and to prove his ability in honor of his twentieth anniversary with the Prudential Insurance Co., he wrote fifty-seven applications for insurance in the past week.

At the close of Mr. Roberts' talk George Souza gave a talk relating some of the things he remembered about Mr. Roberts' experience as an agent.

R. L. Dumas having completed

twenty years of service last March and has been in the same district office with Mr. Roberts all the while, also made a short talk.

Persons attending from Jacksonville were: Mr. and Mrs. E. W. Logue, Mr. and Mrs. E. E. McNeil, Mr. and Mrs. W. J. Roberts, Mr. and Mrs. George Souza, Mr. and Mrs. R. L. Dumas and Miss Doris Robinson, all members of the local office.

# Alfred Wilkinson Dies Here Sunday

Well Known Grocery Store Employee Succumbs at Hospital

Alfred Wilkinson, 22, died Sunday at Passavant hospital where he has been a patient for several weeks. Mr. Wilkinson, who had been married only five months, was well known to many people here.

Deceased was born in Poplar Bluff, Missouri, August 20, 1914, and died Sunday at 11:25 p. m. He moved to this state with his parents 18 years ago, and 15 years ago the family came to Jacksonville where it has since made its home.

On July 4, this year, Mr. Wilkinson was married to Frances DeSollar, who survives him along with a sister, Marie Wilkenson, and a step-sister, Mrs. Freda Reilford, both of this city. He was the son of W. and Ella Hitzel Wilkenson. His father was born in Bond county, Illinois, and his mother was a native of Clayton, Ill.

For four years, until November of this year, he was employed as a clerk in the Kroger stores of this city, where he made a large number of friends. He was a member of the Christian church and took part in its activities.

The remains were taken to the Gillham Funeral Home, where they were prepared for burial. They will remain at the funeral home until time for services, which will be held Wednesday at 2 p. m. at the funeral home, in charge of Dr. M. L. Pontius, assisted by the Rev. D. C. Byus. Interment will take place in the Walnut Ridge cemetery in Virginia.

# Miss Deweese Gives Recital Here Sunday

Large Audience Attends Concert at School for Blind

Miss Lorine Deweese, mezzo soprano, assisted by Miss Alice Mathis, organist, both of the faculty of the School for the Blind, were greeted by a large audience as they appeared in recital Sunday afternoon in the chapel of the school.

Miss Deweese, one of the talented sopranos of the city, throughout her well balanced program showed a rich timbre with fine voice control and pleasing stage presence, which made a distinct appeal to the audience.

Her first group, "O Sleep, Why Dost Thou Leave Me?" (Semele) Haendel; "In Summer Fields" (Brahms); "Love Song" (Brahms); "When I Was Seventeen", Swedish folk song, was given with keen interpretation, especially in the Brahms selections showing a sincere reflection of the poet's mood.

The second group, "Ein Schwan" (Grieg); "La Girometta"—Sibella "L'Escale" (Lalo); Connais-tu le pays "Mignon"—Thomas, were received with enthusiasm. These were given by Miss Deweese with vivid qualities, bringing out the pathos of the songs.

Miss Mathis, an organist, also outstanding in musical circles with beautiful rendition, gave the following group: "Three Mountain Sketches" (Ciokey); "Jagged Peaks in the Moonlight"; "Wind in the Pine Trees" (Canyon Walls). Miss Mathis' selections were filled with beauty and were performed with skill, which brought forth appreciative applause, to which she responded with an encore number.

The program closed with the group, "Lullaby to the North Wind" Farley; "Night Was Made of Loveliness and Prayer" Sticks; "Nostalgia" (Manning); "Yesterday and Today", were sung by Miss Deweese with tonal color in sympathy with the song theme. Her clear enunciation was a noteworthy feature of her numbers, which received repeated applause, to which she graciously responded with an encore.

# Patrick Devlin, 83, Dies Here Sunday

Well Known Carpenter Dies at Our Saviour's After Short Illness

Patrick Devlin, 83, well known carpenter of this city, died Sunday at 2:30 p. m. at Our Saviour's hospital after an illness of 48 hours. Mr. Devlin came to this county from Louisiana, where his parents migrated from Scotland.

Deceased was born in Scotland Nov. 8, 1853, and settled with his parents in New Orleans. When he was 20 years of age, he came to Morgan county. He was married to Mildred Seymour, Dec. 10, 1879, of near Franklin, where they made their home for a number of years.

Later the family moved to Jacksonville where they raised three

children in their home. The children are B. J. Daly, of New Orleans, Mrs. Russell Connors and Clifford Connors, of Moline. He is survived by his wife and one brother, Dan Devlin.

Mr. Devlin was a member of the Carpenters' Union and was well known in Jacksonville and Franklin. He was one of a family of six children.

Funeral services will be held today at 2 p. m. from the Brooklyn M. E. church in charge of the Rev. G. T. Wetzel, with interment at Diamond Grove cemetery.

The remains were taken to the Cody and Son Memorial home where they were prepared for burial, and were returned to the late residence, 208 Kentucky street, Monday afternoon.

# Westminster College Meets Blueboys On Local Court Tonight

## Rickey Brags On Dizzy Dean But There Are No Takers For St. Louis Cardinal Pitcher

New York, Dec. 7.—(AP)—Branch Rickey strode through the baseball market place today predicting that "the club that buys Dizzy Dean will win the National league pennant next year," but after a day of endless babbling there were no takers.

Cornered between sessions with other club officials, Rickey said only three clubs in the league have enough players to deal for Dean. Presumably he meant the Giants, Cubs, and Pirates.

Rickey said Dean had been offered to the Giants but had been turned down. Philip K. Wrigley, president of the Cubs, told the Associated Press "I don't want Dean on my ball club," and Warren Giles, general manager of the Cincinnati Reds, who offered \$200,000 in cash for Dizzy, admitted today he was sure "Dean is going somewhere else."

Nevertheless, what facts there are at a meeting like this indicated that Dean will be traded, Rickey said as much.

Rickey, meeting Sam Breadon, president of the Cards, for the first time in 10 days, reported to his boss in front of reporters:

"I offered Dean to the Giants. I made them an offer which in my opinion didn't take a single key player from their team, and they wouldn't make the deal."

Rickey would not reveal what players he asked but said "Carl Hubbell was not one of them."

"Last year Bill Terry told me any club in the league with Hubbell and

Dean could win the pennant without much support, but he wouldn't take my proposition," Rickey said.

"If the Giants would give me Hubbell and let me keep Dean, they could take my ball club."

In spite of Terry's refusal to make the deal, it seemed the Giants and the Pirates had the inside track for the big right hander.

No trades were announced today though the Giants said they have made a deal for a third baseman to be announced tomorrow when the meetings officially start. The guess was that it involved Stanley Hack of the Cubs and Hank Leiber of the Giants.

Steve O'Neill and Rogers Hornsby, managers of the Indians and Browns, respectively, were closeted again today, talking over a trade of Joe Voss and Frankie Pytlak of the Indians for Rolfe Hemsley and Julius Solters. The offer was made by O'Neill and turned down by Hornsby.

Wrigley, the Cubs president, made the most surprising admission of the day.

"If I can find a man at the meetings here this week capable of taking my job as president of the Cubs, I will appoint him," he said.

Wrigley was questioned on this when a rumor circulated that Charlie Grimm would move into the Cubs' front office and be replaced as field manager by Gabby Hartnett.

Wrigley denied that this move was being considered.

## Conference Combats Carded for Cagers

Murrayville	2	0	1.000
Franklin	1	1	.500
Chapin	0	2	.000
Waverly	0	0	.000
Woodson	0	0	.000

Conference combats will provide some of the excitement this week-end in both the Illinois Valley and Little Six conference loops, according to schedules for these teams reported here. Woodson will make its bow in the Little Six loop at Chapin, tonight, while Pittsfield is slated to move its high scoring basketball team over to Winchester Wednesday night for its opening Illinois Valley conference tilt. Play in the southern division of the Valley loop will begin Friday night when Greenfield goes to Jerseyville.

There will be plenty of firing on all fronts this week as the teams get down to basketball business in a serious way. Chandlerville, defeated by Jacksonville for the first time in seven games here last Saturday night, will try to check Beardstown's march up the West Central conference trail.

The Pittsfield-Winchester game, however, tops the list for interest in view of the fact that these two schools always provide plenty of fireworks when they get together. Pittsfield romped over Pearl and Milton in opening games, and appears to have another excellent ball club on the way. Winchester defeated Virginia to open the season, and then dropped a hard fought game to Griggsville in its opening Ivy loop tussle.

The schedule for the week is as follows:

**Tuesday Night**  
Westminster at Illinois College.  
J.H.S. at New Berlin.  
L.S.D. at Mt. Sterling.  
Eldred at Carrollton.  
Chandlerville at Beardstown.  
Hillview at White Hall.  
Woodson at Chapin.  
Milton at Hull.  
Pleasant Plains at Virginia.  
Ashland at Converse (Springfield).

**Wednesday Night**  
Pittsfield at Winchester.  
Bluffs at Franklin.

**Thursday Night**  
Palmyra at Waverly.

**Friday Night**  
Pittsfield at J.H.S.  
Bluffs and Petersburg at I.S.D.

**Saturday Night**  
Routt at Cathedral.  
Murrayville at White Hall.  
Winchester at Feltshans (Springfield).

**Roadhouse also wanted Nusspeckel**  
as a speaker for their football banquet, which will be held Tuesday night, according to the last word we had from Supt. H. D. Barr. Greenfield is going to have its annual "banquet for kings" Wednesday night.

Coach Mason Campbell, of the Railroaders, told us why he didn't use Ray Prather more during the past season. Prather, who scored 15 touchdowns, and whose playing caused some of the fans to send this column a letter, was being kept under cover as much as possible in order to spring him next year. The Railroaders used him in the tough spots during the season just closed, and he came through in every instance. He appears to be a worthy successor to Jack

**Varsity Hockey Team**  
**NAMED AT MACMURRAY**

The members of the varsity hockey team of MacMurray College were announced at a dinner program recently. The team consists of the best players of the Army and Navy teams who played the final game of the hockey season Thanksgiving morning. Since the Army consists of the crack players of the freshman and junior teams, and the Navy those of the senior and sophomore teams, the varsity is the highest honor a hockey player can achieve at MacMurray.

The members are: center forward, Dorothy Klepping, sophomore; right inner, Mary Frye of Jacksonville, junior; right wing, Jane Anne Edmunds, junior; left inner, Lucy Strawbridge, freshman; left wing, Marjory Mahan, sophomore; center half, Ingrid Bergstrom, sophomore; right half, Rita Mullins, freshman; right full, Peg Morris, freshman; left full, Dorothy DeFrates, senior, of Jacksonville, and goal keeper, Martha June Morgan of Jacksonville, junior.

The silver loving cup given each year to the winner of the class tournament, was presented to the junior class by Doctor Catherine Watson, head of the physical education department and adviser of the Athletic Association. She congratulated the juniors on their good playing and fine spirit. Mary Frye, captain of the junior team, accepted the cup in behalf of the juniors.

## White Hall Selects Dean Fair To Have Valuable Man Trophy

White Hall.—Dean Howard Fair, who has had a lot of honors heaped upon him during his years in high school, climaxed them all this year when his team-mates on the football team went into a huddle and selected him as the most valuable man to his team, and the recipient of the Jacksonville Journal and Courier most valuable player trophy, a gold football.

Fair's record in high school makes him appear to be one of the boys who has little time for school work, but who has accomplished a lot in his extra-curricular activities. However, in spite of the fact that he was selected as Illinois Valley all-conference fullback, has won letters in track and basketball in addition to football, and does some work in dramatics and other things in high school, he has a good scholastic record.

A list of his successes reads something like this: Football letters, 2; track letters, 3; basketball letters, 3; Illinois Valley all-conference fullback; honorable mention on all-conference Illinois football team; won fourth place in state high school track finals at Champaign last year with high jump of six feet; named forward on the official conference

list.

Alred's position, already cut out and fitted into the work.

Jacksonville high may take part in two gymnasium dedication ceremonies this year, although the dates the Crimsons have with opponents for these occasions are definitely set and the completion of the gymnasiums is not so definite.

The first one is at Converse high in Springfield Dec. 18, but if the Converse gymnasium is not completed then, the game will be played in J. H. S. own little court.

The second may be the dedication of the new Routt gymnasium, and the date has been set for Jan. 12. That should be a gala night in the lives of both Routt and Jacksonville high players, and such a game should attract a gymful of people, if for no other reason than the game.

The Crimsons have added Lincoln and Rushville to their schedule this year, along with Converse. Converse probably will be on the schedule pretty regularly now as the result of joining the Central Conference which begins functioning next year. The Crimsons are meeting four of the five other teams in the league this year.

Jacksonville high's cagers, who surprised the fans not only by defeating Chandlerville, but also by the size of the score, took the victory very calmly and remarked that New Berlin is going to be next. We are safe in saying that half the crowd who saw the Crimsons pitch in points against Chandlerville were bug-eyed.

There might be a lot of other accomplishments which should have been included in this list, but that will suffice to show that his activities have been wide and varied.

To achieve all of these honors, a boy has to be good, and Fair was good in all of the sports. He kicked, passed and ran with the ball for the team and led the basketball team in scoring.

Fair is six feet and a half inch tall and weighs 160 pounds. He is a senior this year, has brown hair and brown eyes. His friends call him "Chester," but not because of his attitude. It's because of a barrel like chest he carries around on his well proportioned body.

Fair's value to the football team existed in his ability to kick the ball far, pass it accurately, and carry it well. His kicking was one of the highlights of the season, and his passing was one of the features of his play. He took punishment smilingly, and dished it out the same way. He has a fine competitive spirit, one that rises as the opposition rises.

And if you ever invite Fair out to dinner—his favorite dish is fried chicken, mashed potatoes, and oyster dressing.

**—:FAN BREEZES:—**

Illinois Wesleyan didn't put up much of a battle over being turned down for athletic contests with other Little 19 schools who are observing the freshman rule, according to LaRue Van Meter, Illinois College athletic director, who represented the college at the meeting in Chicago.

Wesleyan is content to free lance for awhile. Bradley and Milkin were the first schools to turn a cold shoulder on Wesleyan, and of course the other schools which observe the freshman rule joined hands.

The Titans have seen this coming, in our guess, and they have made contacts with teacher's colleges in this state, and with other colleges outside the state who are willing to play Wesleyan even if they don't observe the same eligibility rules.

Van Meter and Ray Nusspeckel returned from the conference in Chicago late Sunday night. Nusspeckel got back in time to begin working on his speech for Girard this evening.

Girard wanted Nusspeckel to deliver the dedicatory address for their gymnasium so badly that they postponed the official dedication for one week in order to have him present. Nusspeckel couldn't get over there last Tuesday because of a previous engagement.

Roadhouse also wanted Nusspeckel as a speaker for their football banquet, which will be held Tuesday night, according to the last word we had from Supt. H. D. Barr. Greenfield is going to have its annual "banquet for kings" Wednesday night.

Coach Mason Campbell, of the Railroaders, told us why he didn't use Ray Prather more during the past season. ## Home Grown Foods Cut Costs, Bureau Leader Points Out

### Help Homemakers in Cutting Costs of Holiday Food Bills

When meals threaten to cost more during the holiday season because of extra delicacies, Morgan and Scott county home makers may still economize by relying on some substantial foods, either raised at home or found in quantity on the market, says Mrs. Agnes L. Doherty, home adviser.

Grape fruit, green acorn squash, onions, sweet potatoes, cranberries, and pumpkin are cited as practical for everyday use or for party depending upon their "make-up."

Novel recipes for using these foods have just been received from Miss Anna Belle Robinson, associate on the home economics education staff, College of Agriculture, University of Illinois.

Grapefruit, unloaded on the market this year when many other fresh foods are down in quantity, may be enjoyed as an appetizer for dinner or a light dessert for lunch if it is broiled, Mrs. Doherty says. The best method is to

core and section half a grapefruit, add a generous amount of sugar and let it stand until most of the sugar has dissolved. Grapefruit halves are then broiled until thoroughly heated and the small amount of sugar undissolved on top is slightly caramelized. They may be served hot or cold. An interesting variation is to use brown sugar instead of white, and to add a dash of cinnamon on top before broiling.

Use of small green acorn squashes, just large enough for two, is sometimes to be preferred to the larger squash, for convenience sake and thrift if the family is not large or objects to left overs, explains Mrs. Doherty.

Lifting the squash out of the everyday class can be accomplished by using small slinks of sausage or a small sausage cake, a fact which home makers may find useful during the butchering season if not before. Usual procedure is to cut the squash in half, scoop out the seeds and fibrous material, salt the squash to taste, add the sausage, and place the squash in a hot oven of about 400 to 425 degrees for one-half hour or until done. If the squash is placed on a pan it will not tip and spill some of the juices cooked out of the sausage.

French fried onions is a new idea for adorning the holiday meal. Here is how it is done: slice a large onion in slices about one-fourth inch and separate all the rings. Dip these rings into milk and then flour or into a thin batter made of egg, flour, milk, and salt. Fry them in deep fat and drain on absorbent paper. The onions come out a golden brown—each ring separate.

Boiling oranges gives them a new disguise—a garnish for meat, which is a good idea for Christmas dinner when guests are present. The method is to select seedless oranges with unblemished skins, and boil the whole orange in a very thin sugar solution, no more than two tablespoons of sugar to a cup of water. They are boiled for 20 to 30 minutes or until the skin is soft. When done the orange may be cut into any shape desired, served hot or cold, and eaten skins and all.

An inexpensive dessert which comes highly recommended starts out with any standard Indian pudding recipe for six. To this is added two beaten eggs and one-half cup of mashed pumpkin. The dish is baked according to Indian pudding rules, then served warm with vanilla ice cream to top it off.

### Centenary Church Notes

The spirit of Christmas marked the morning hour of worship at Centenary. Rev. Blair delivered the first of a series of Christmas sermons with great spiritual appeal to the fine audience present. "Getting Our Hearts Ready for Christmas" was the subject. "Getting Our Gifts Ready for Christmas" and "Keeping Christmas" will be given in their order.

A. C. Metcalf was the soloist singing "The Holy City" with impressive rendition. The choir under the direction of Miss Vesler sang beautifully "The Shepherd's Came" as an anthem.

The fine Christmas spirit was evident in the session of the Sunday school and the league worship hour.

Wednesday, 2:30 p.m. the Ladies' Aid will meet at the parsonage. Gifts will be exchanged—roll call will answer "What Christmas Means to Me?" At 7:30 p.m. the regular mid-week spiritual enrichment service will convene.

Thursday beginning at 5 p.m., a turkey supper will be served, also an acorn sale will be held. This will be followed by "The Passion Play," a beautiful moving picture, in the sanctuary at 8 p.m. No admission will be charged for this. A silver offering will be taken. All are invited.

Announcement of the illness of A. H. Jensen, caretaker of the church is made with regret. Mr. Jensen suffered a second stroke last Friday and is confined to his home. He will not be able to resume this work in which he has been most efficient. He has the sympathy of many friends.

Other members of the congregation are confined to their homes by illness or age. This is a fine time to send expression of the Christmas spirit to these friends. The Christmas message is "The Church's" sublime message.

## Double Header Booked For I. S. D. Boards; Crimsons At New Berlin And Tigers Away

Illinois College's Blueboys, who made a flying start last week when they drubbed the Carlinville Glove Co. team, will move into the college section of their schedule tonight on the Illinois School for the Deaf court, when they take on Westminster College's veteran quintet, Jacksonville High and Illinois School for the Deaf will be out of town for their engagements tonight, the Crimsons going to New Berlin for a double header and the Tigers moving up to Mt. Sterling.

Athletic Director LaRue Van Meter said there would be a double header on the I. S. D. court tonight, with his freshmen playing against each other or against a team to be secured some time today. He was attempting to make arrangements for either Blackburn or Shurtleff College to send teams here for the game, but if those two teams were not available he said he would secure an independent team for the game. The first game is scheduled for 7:15 p. m. and the main tilt probably will begin about 8:30 p. m.

Westminster, a team which Van Meter declared had the best blocking offense his team ran up against all last year, took a disputed overtime decision from the Blueboys when they went to Fulton, Mo., last year. Van Meter said he was under the impression that four of that quintette would be on the team that will play here tonight.

**Names Blueboy Starters.**

There was no doubt about the starting line-up for the Blueboys. It will consist of Herb Scheffler, at center, with Cecil Fletcher and Ira Scott at forwards, and Vergil Fletcher and Nick Watts at guards. The Blueboy athletic director declared his boys would have to play better basketball tonight than they did against the Carlinville Glove company team if they wanted to win tonight.

The coach was not certain just how he would line up his freshmen for the game, but he did say that he would not put all of the members of last year's Jacksonville high team on the same squad. All of the boys

who played so successfully for the crimsons are out for the freshman team, and include George Hamilton, George Moxon, John Bellatti, Bob Hamm and Elmer Lukeman. There are some other outstanding freshmen, including Adolphson, a 6 foot 4 inch center, from Connecticut, Taylor, a fast boy from East St. Louis, Bryan, Johnston City forward, Dawson, from Galena, Flegenbaum, of Edwardsville, and Cooper, of Litchfield, all of whom probably will get into the game.

**Walker to Use Same Team.**

There will not be any change in the Crimson line-up for the game with New Berlin either, Coach Frank Walker said yesterday. Leeper and Mervin Henry, the two Woodson boys, "Skinny" Baptist, center, Charles Johnston and Dick Baldwin, will make up the five which will meet the Pirates.

The coach said he also would take Wayne Smith, Billy Hofmann, Charles Ketner, Lloyd Bacon and Warren Massey along to play the second string game. The games at New Berlin are scheduled to begin at 7:30 and 8:30 p. m.

The Crimsons also have Pittsfield here and a trip to White Hall on their schedule of activities this week.

**Burns Hopes for Change.**

Coach S. Robey Burns will stick to about the same line-up for the game with Mt. Sterling, and he is hoping for a change. His Tigers, fresh off the football field, dropped games to Franklin and New Berlin last week-end, their first of the basketball season, and they also have a game with Bluffs and Petersburg here this Friday night in a big double header and then go to Murrayville for a Saturday night contest listed for the week.

The Tigers are coming along well, and have a few more football players to fall back on as soon as the football gets out of their play. Burns has decreed that none of the players who would become ineligible at the end of the year are wanted for the basketball team, and the result is that the Tiger coach expects to build longer, but have something when he gets through.

**TWO CUB PACKS WILL**  
**BE ORGANIZED AMONG**  
**YOUNG BOYS OF CITY**

At a meeting of interested citizens last night at Grace M. E. church, a decision was reached to organize two and probably three Cub packs to supplement the work of the Boy Scouts in this community. Cub packs are for boys from 9 to 12 years old, and are under direct supervision of Scout officials.

Jerry Prosterman was appointed packmaster, and John W. Larson as assistant. Earl Wright and Earl Floeth, Boy Scouts, will be placed in charge of the first two dens to be organized.

A committee to supervise the Cub pack activities was appointed. It consists of James Walker, John W. Larson, LeRoy Wurtsbaugh, Mr. and Mrs. D. O. Floeth and Mr. and Mrs. W. C.

THIS CURIOUS WORLD By William Ferguson

IN the central section of the United States, one is apt to think that most of the vegetation of the world sheds its leaves when winter comes. However, the vast evergreen forests of the north, and practically all of the vegetation of the tropical regions hold leaves all the year.

## Hog Injures Morgan County Farmer in Attack With Tusks

### E. R. Stevenson Badly Injured in Leg Sunday by Sudden Assault of Animal

E. R. Stevenson, residing west of the city, was severely injured about 11 o'clock Sunday morning when he was attacked by a large male hog. The animal approached him suddenly while he was feeding in the lot and gnashed its tusks into his left leg just above the knee. It then turned away and showed no further disposition to attack.

Mr. Stevenson managed to get inside the barn and later to the house. He sustained a loss of considerable blood and was weakened by bleeding, pain and shock. Dr. Frank Norris was called, and had the injured man removed to Our Saviour's hospital, where he was reported resting comfortably yesterday.

The tusks of the hog cut two deep gashes in the leg, one of which went almost to the bone. Mr. Stevenson was given anti-tetanus serum to guard against infection, and the

Wound is being carefully watched for possible infection.

### WHITE HALL

Mrs. G. C. Fanning was hostess to the P. E. O. chapter at a luncheon at her home on Jacksonville street Thursday. She was assisted by Mrs. T. E. A. Giller and Mrs. Lyndell Rose. Mrs. Stella Morrow of Roodhouse and Mrs. Hettie Davis McCarty of Los Angeles, California, were guests. Mrs. T. N. Rose gave a book review on the book, "White Banners."

Mr. and Mrs. A. B. Lewis were in receipt of a card from his nephew and his wife, Mr. and Mrs. Ross Lewis, formerly of Hazelton, Iowa, who have now located in Clearwater, Florida, where they had purchased property, saying they had arrived at their destination and were quite pleased with their prospects. Mr. and Mrs. Ross Lewis stopped over here for a visit enroute to their new home.

Mrs. Eliza Naught is critically ill at her home on South Main street and her death is expected at any time. Mr. and Mrs. Claude Shive are now located in the George Ernst home on West Franklin street. Mr. and Mrs. Ernst, who have been living with Mrs. Ernst's mother, Mrs. John Trunnells, have stored their surplus furniture.

REGIN HERE TODAY

MARCIA CANTFIELD, daughter of wealthy PHILIP CANTFIELD, met BRUCE McDONALD, artist, shortly after the mysterious disappearance of R. K. KENDRICK, to whom Marcia had been engaged. When shortages are found in Kendrick's business accounts, Marcia is more shocked than heartbroken. She realizes she was never in love with him.

McDonal is attentive until DOROTHY OSBORN, who dislikes Marcia, leads him to believe Marcia is engaged to another man.

There is a bank holiday and police commander the Cantfield car to follow the bandits. The car is wrecked and both Marcia and her father are injured.

McDonal, driving with Dorothy, comes upon the scene and takes Marcia and her father to a hospital. Their injuries are not serious. Later it is decided that although Marcia's arm is in a sling, she will take part in the amateur play to be presented soon.

The night of the play arrives. A New York producer attends the performance and offers Dorothy a part in his next production.

NOW GO ON WITH THE STORY CHAPTER XXIII

ON the day following the performance of "Half-Acre in Eden" Marcia called Dorothy Osborn early in the morning. Dorothy, in her excitement over the windfall of a chance on Broadway, had had little sleep, nor could she lie abed this morning, and her father having left for the train, she was still at the breakfast table with her mother when the telephone rang.

"Hello, star!" Marcia greeted her.

"Oh—hello, Marcia."

"Now that it's daylight again, aren't you excited that it wasn't all a dream?"

"Yes, I am! It was so entirely unexpected that I can hardly believe it, even if I am awake. It is such a piece of luck!"

"Not luck. Burtis doesn't produce as a pastime; he acted you because he saw you had the stuff. There was such a mob around you last night that perhaps you didn't notice just who all were congratulating you, but if you didn't notice mine, here they are again. I do congratulate you, and I'm awfully glad for you. Probably I'm almost as excited as you are over it."

"Thanks, Marcia!"

"And I want to ask you something. Next Saturday night, can you come to a party at my house for everybody in the play crowd? It's your party, so if Saturday night doesn't suit, just name the night."

"My party . . ."

"Your party. You're the celebrity."

DOROTHY was silent for a moment. There was a turmoil in her heart. At last . . .

"Marcia, are you going to be home for a while?"

## Nationwide Survey Reveals Local Club Is Oldest in U.S.

Ladies Education Society Holds Record; Organized in 1833, Still Active

The long disputed question, "Which is the oldest club in the United States?" was settled recently by the General Federation of Women's Clubs, the federation finding that the "Ladies Education Society" of Jacksonville ranks first. The Jacksonville society, organized in 1833, is still active. Authority for ascertaining the life of older clubs was obtained by the G. E. W. C. president, who made a survey by securing information from the presidents and directors of the states. Thirty-three states reported with definite data.

The following is taken from the Indianapolis Star Nov. 22, 1936: "In her report at the council meeting in Grand Rapids, Mich., June, 1927, Mrs. Sherman stated that the decision had been made on the basis of the clubs reported and that only clubs organized before 1878 were considered. Twenty-two reports were received.

"Much interesting club history was unearthed in Mrs. Sherman's survey. The objective of the clubs, as indicated by their names, were self-improvement or to fit their members for more efficient service to their homes and communities.

"First in the list is the 'Ladies Education Society' of Jacksonville, Illinois, organized in 1833. It has had a continuous existence and is still active."

### Tragedy Ended Second Club.

"For the second, Mrs. Sherman reported the most interesting history of all. It was organized in 1838 and was called the Maternal Association. Its members consisted of all the white women (probably less than a dozen) of the Northwest. Its secretary and treasurer was Narcissae Whitman, the heroic woman about whom the historical novel, 'We Must March,' by Honore Wiltshire Morrow, centers. The club came to a tragic end, with the massacre by the Indians of Mrs. Whitman, at which time all records were lost."

"The third club in the list was the Alphafraternity of Alfred, N. Y., which started in 1846 with a flourishing membership and continued until 1920.

### Harvard Professor Presided.

"The fourth and the second of those still in existence was the Ladies' Physiological Society of Boston and vicinity, organized in 1848. So strong was the opposition at that time to any woman's club that Prof. Bronson of Harvard occupied the chair at its meetings for the first two years, as the woman dared to accept the office. This was the largest of all the early clubs, having a membership of 197 when founded.

"The Ladies' Library Association, Randolph, Mass., has met from 1853 to the present time, and its membership has grown from forty-five to 137. The Mutual Improvement Society of Maryland had grown from fifteen in 1857 to thirty in 1927.

"Of the Minerva Club of New Harmony, Ind., Mrs. Sherman says: 'It was one of the well known old clubs, and recently records of another old club, the Clononon Society, 1858, have been discovered in a corner stone of Vernon, Indiana. Neither of these clubs exist, nor does the Ladies Enterprise Society, organized in Mount City, Kas., in 1864.'

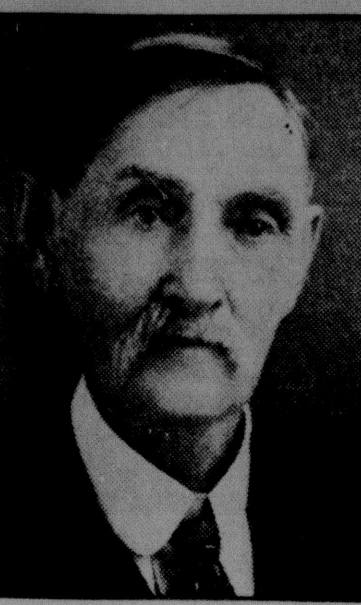

While it was disappointing to the Indiana Federation to discover through this survey that the Minerva Club was antedated in time of organization by so many clubs, its chief value to the Federation which owns the house in which the Minerva was organized, it is in its historic background and the period it represents in Indiana history.

Six other clubs are listed by Mrs. Sherman as having been organized in 1867, '8 or '69, all of which are still in existence. The Xenia Woman's Club, Xenia, Ohio; the Bloomington Woman's Club, Bloomington, Minn.; the New England Woman's Club, Boston; the Famous Sorosis, N. Y.; Jacksonville Sorosis, Jacksonville, Ill.; and the Ladies' Floral Club, Austin, Minn.

"Other clubs listed are: Woman's Club, Orange, N. J., beginning with a membership of fifteen, now reporting (1927) 1,200. The Manchester Shakespeare Club, N. H., (1873); Tuesday Club, Minneapolis, Minn., (1874); Ebell Society, Kalamazoo, Mich., (1876); Ladies Literary, Salt Lake, (1877); Covington Art Club, Covington, (1877).

"This completes the list of clubs organized for half a century and Indiana is still in the running with two clubs still active that would have qualified at the time the survey was made as half century clubs; The Woman's Club of Greencastle, organized in 1874, and the Woman's Club of Muncie, organized in 1876.

## Answers Final Call

JOHN F. COLE  
White Hall.

## John F. Cole, White Hall Civil War Vet, Dies Monday Night

Served 100 Day Enlistment At Rock Island, Guard At Federal Prison

White Hall, Dec. 7.—John F. Cole, 89, one of White Hall's two remaining veterans of the Civil war, died at 7:30 o'clock this evening at the home of his daughter, Mrs. James Holmes, on Centennial avenue.

Mr. Cole, who enlisted at the age of 16, was stationed at Rock Island where he guarded Confederate prisoners of war.

With his death, the only surviving Civil war veteran in White Hall is August B. Smith.

Mr. and Mrs. Cole closed their home this fall and went to reside with their daughter, because of feeble health.

Mr. Cole was born July 8, 1847 north of Wrights, a son of Stephen and Eliza Jane Pilson Cole, who came to Illinois from Kentucky in 1828, settling near Orleans in Morgan county. Mr. Cole's mother lived to be 95 years old and one of his sisters was more than 90 years old at the time of death.

He enlisted for 100 days in May, 1864, at Greenfield, serving that period as a member of Company C, 133rd Illinois regiment. He was honorably discharged from military service Sept. 28 of the same year.

On March 12, 1876 he was united in marriage with Adella Drennan, who survives, together with one son and six daughters. They are Barton Rose Cole, Detroit, Mich.; Mrs. Retta Swigert, Edinburg, Ill.; Mrs. Laura Edna Smythe, Lake, Miss.; Mrs. Pat Holmes, Jacksonville; Mrs. Margaret Adell Chism, Caldwell, N. J.; Mrs. James Holmes, White Hall and Mrs. Verona Ellen Dainton, O'Fallon, Ill. There are 14 grandchildren and 13 great grandchildren.

The remains were prepared for burial at the Dawdy Funeral Home. Funeral arrangements are incomplete.

## Mary K. Wagstaff Passes Away At Daughter's Home

Funeral Services to Be Held At Murrayville M. E. Church

Mrs. Mary Katherine Spencer Wagstaff, wife of Robert Wagstaff, passed away at the home of her daughter, Mrs. John Lewis, near Pisgah, Monday evening, at 6:50 o'clock. Death followed a stroke suffered early Monday.

Mrs. Wagstaff was born February 1, 1866, near Greasy Prairie, the daughter of Mr. and Mrs. Frank Spencer. Both parents preceded her in death.

She is survived by five children. They are Mrs. Carl Bacon, Mrs. John Lewis, Frank, Harold and Homer Wagstaff. There are also the following sisters and brothers: Mrs. Walter Chapman of Alton; Mrs. Robert Chapman of Roodhouse; Mrs. Virgil Ozbun of Pontiac, Mich.; Isahiah and Fred Spencer, Granada, Texas, and Charles Spencer of Cedar Bough, Texas. Two brothers preceded her in death, Dr. J. H. Spencer and a brother who died in infancy. There are also six grandchildren and two great grandchildren.

Mrs. Wagstaff was a devoted wife and mother and had many friends. Funeral services will be held at the Murrayville Methodist church, at a date to be announced.

The body is at the Williamson Funeral Home where it will remain until time for services.

## Former Versailles Publisher Is Dead

Remains of Benjamin Bond Will Be Taken to Old Home from Detroit

Versailles, Ill., Dec. 7.—The remains of Benjamin P. Bond, 69, postmaster of this village 13 years, and former publisher of the Versailles Sentinel, will arrive here Wednesday morning from Detroit, Mich., where death occurred Sunday night. Funeral services and burial will take place here Wednesday afternoon.

Mr. Bond, a prominent resident of this community until 10 years ago, when he removed to Detroit, published the weekly newspaper from 1915 to 1926. At one time he served as mayor of Versailles. After going to Detroit he was in the employ of the Grand Trunk railroad in an executive capacity.

The decedent was born and reared here, a son of Dr. and Mrs. John Bond. He is survived by his wife, who before her marriage was Lillian Martin; three children, Homer, Grace and John; one brother and one sister, Dr. Frank Bond, Wauabasha, Minn., and Mrs. James Gaut, Detroit, Mich.

## Merredosa Fire Chief Killed In Attempt To Get On Moving Truck

William A. Schmitt, 52, chief of the volunteer fire department at Merredosa, died at 2:10 o'clock yesterday afternoon at Our Saviour's hospital from injuries sustained earlier in the day when he attempted to jump on the rear of a fire truck, as it was responding to an alarm at Merredosa.

Schmitt failed to get on the truck platform, or lost his balance, toppling backward, his head striking the pavement. The accident occurred at 11:30 a. m., the victim never regaining consciousness.

Several members of the Merredosa volunteer fire department, who were answering an alarm from the home of Capt. W. C. Register, witnessed Schmitt's plunge from the rear of the truck. He was picked up and brought to the hospital by his brother, C. J. Schmitt, and Walter McAllister. He suffered immediately from hemorrhages after the accident.

The fire at the boat captain's home was only of minor nature, and was extinguished by other volunteers.

Chief for Several Years. Schmitt, proprietor of a garage in the east part of Merredosa, had been chief of the fire department for several years. He was a well known and popular citizen.

According to facts brought out at an inquest held by Coroner Elmer Sample at Merredosa late yesterday afternoon, Schmitt was busy at his garage when the fire alarm sounded. He started toward the business district, and east of the park sighted the fire truck, which was manned by Max Edlen, driver; Harry Alton and Walter McAllister.

The driver was having some trouble with the gas line, and the truck is said to have slowed down momentarily. Schmitt, eager to get on the truck, leaped to the fire, ran and attempted to get on.

Witnesses said he succeeded in getting part way on the moving vehicle, but that he apparently slipped, striking the back of his head on the pavement.

### Died From Skull Fracture

The coroner's jury returned a verdict of death from "a fracture of the skull, cerebral contusion and cerebral hemorrhage, caused when he fell while attempting to board a fire truck. C. P. Hedrick was foreman of the jury, other members being H. W. Gard, Irving Thompson, Clyde McCauley, G. D. Northrup and Ted C. Chumley.

Coroner Sample, beginning his second term in office yesterday, recalled that his first inquest in 1932 was held over the remains of a Merredosa resident.

Schmitt's remains were taken from the hospital to the Schaefer Funeral Home at Merredosa. Funeral arrangements were incomplete last night.

The decedent and his brother took over operation of the garage owned by their father, following his death. Surviving are his wife, Mrs. Irene Schmitt; one son, Billy Joe; brother and sister, C. J. Schmitt and Mrs. Charles James.
